## PROFILE SUMMARY

I am looking for an opportunity where I can utilize my educational qualifications and technical skills to the utmost level. I wish to work in a challenging environment that allows me to apply my knowledge, improve my capabilities, and learn continuously. At the same time, I aim to contribute positively to the growth of the firm and grow along with it, both professionally and personally.

---

## INTERNSHIP EXPERIENCE

**Motion Cut | Intern | 25th September 2023 – 25th October 2023**

---

- At Motion Cut, I completed weekly web development projects, including building a portfolio site, adding cart features to an e-commerce site, a blog created on cook website, and Image Gallery. These experiences boosted my skills in HTML, CSS, along with improving my time management and problem-solving. My work is documented on GitHub.
- 

## PROJECTS

- Online food ordering system** - An online food ordering system enables customers to browse menus, customize orders, choose delivery or pickup, and make secure payments. These platforms offer real-time tracking, loyalty programs, discounts, and reviews. Integrated with POS software, they streamline order management and delivery logistics, enhancing convenience and efficiency in the food service industry.
  - Ecommerce website** - An ecommerce website allows businesses to sell products and services online, providing customers with a seamless shopping experience. It features product listings, secure payment gateways, order management, and customer support. eCommerce platforms offer convenience, accessibility, and a wide range of products, enabling businesses to reach a global audience 24/7.
  - Text-To-Action Conversion for Learners** -Text-to-action conversion for learners involves transforming written content into interactive, actionable steps that encourage engagement and learning. By breaking down information into digestible tasks, prompts, or activities, learners are motivated to apply concepts, enhancing comprehension and retention. This approach fosters active participation, improving overall learning outcomes and engagement.
-
